

What is the Learning Hub?

The Learning Hub is a digital platform that provides easy access to a wide range of education and training resources for the health and care workforce, enabling users to contribute, search for and access resources.

The Learning Hub is in Beta phase and new features will be frequently released. It is important that the platform continues to meet your needs - you can [provide feedback](#) to help improve it.

The Learning Hub and the e-Learning for Healthcare (e-LfH) Hub are two standalone, but complementary, platforms however, if you have an [eligible e-LfH Hub account](#) you can sign in to the Learning Hub using those details.

How do I get access?

1. Enter <https://learninghub.nhs.uk> into the address bar of your browser.
2. If you already have an eligible e-LfH Hub account, sign in (A) using those details. You can also sign in using your OpenAthens account if you have registered with a NHS England or NHS Scotland provider.
3. If you do not have an account, you can create one (B). When creating an account you will be asked to enter basic information on your role and place of work. You will receive an email that includes your username and a link to create a password.
